LUMINATI™

BB01-03-00 - A7 Branding Block (Artwork Template)

Print Guidelines:

Set up artwork within dashed line, this will ensure there is a minimum 3mm clear border around the edge of the block.

Artwork will be printed as shown, if white print is required please show as white, any clear parts will be left unprinted.

Please use Vector artwork where possible, ensuring all text is outlined. Please save with the same settings as existing template file.

Ensure any images are embedded and are an adequate resolution for the size of the block.

Print will be CMYK (+ White), ensure colour mode is setup accordingly.

Please note different monitors may alter the appearances of some colours and different printers may cause a slight shift in how the colours look.
