

Quick Tip!

Ask your logo or design creator to send your artwork in the below formats, so it is ready for print.

How To Supply Your Artwork

- Upload your artwork as soon as possible or send it to enquires@luminati.co.uk
- All artwork files must be supplied in CMYK, not RGB
- Contact us if you have a specific colour that must be matched
- A visual of your product with the artwork will be emailed to you for approval
- Please provide your artwork in the formats listed below

Please note, the lead time of your order will commence once we have received your artwork approval confirmation via email.

Please supply your artwork in any of the following formats:

Vector PDF
.eps
.ai

All fonts must be outlined
All images must be embedded

.jpg
.png
.psd

Image resolution must be between 150-300dpi

If you require additional help with your artwork, we will be happy to assist. Please contact our sales team for information on our design services.
